WINFARTHING HOLSTEINS DISPERSED
ON A GREAT TRADE AT BEESTON – TOP 2450 GNS

The Dispersal of the entire milking portion of the Winfarthing Herd of pedigree Holsteins on behalf of ES Cole & Sons Ltd., of Park Farm, Winfarthing, Nr. Diss Norfolk took place at Beeston Castle Auction on Monday 22nd May.

This old established herd was formed in early fifties and has been a closed herd for most of that period since apart from the purchase of a couple of groups of young stock in the noughties. The main factor about this herd that it was almost entirely calving from mid July to December and there were no fresh cows whatsoever. Nevertheless, they achieved a remarkably good average of almost £1250 per cow with no less than 20 animal selling in excess of 1700 gns up to 2450 gns including another four at 2000 gns or more.

The top price animal was Winfarthing Vale 100th (VG85), a fourth generation VG daughter of Gillette Windbrook who calved her second in January and was PD’d back in calf to calve in December to the Angus. She was sold giving 34.5 kg and purchased by a local Cheshire breeder for 2450 gns. This same breeder also purchased the next two animals ranked in the price list at 2050 gns each; Shottle Pennyroyal (VG85) and Shottle Rosie (VG88) are both milking with their second lactations and due again to McCormick in the late summer and both were giving in excess of 30 kg still.

Two animals made 2000 gns each; the first of these was Homestead Rita 49th (VG87) still giving 38 kg and due with her fourth in November. She sold to John Minshull of Tean Staffordshire whilst R & ME Jones & Son of Llanfechell, Anglesey purchased Gerard Glade 87th ((GP81) who was due with her third in August to Muster.

Four animals sold at 1900 each; the eldest of these was Masterpiece Hazel 110th (Ex90), a daughter of Denmire Masterpiece milking in here fourth and giving 41 kg daily. She sold to Tony Wilson of Fradswell, Stafford. John Minshull purchased the second calver Bossman Brightstar 6th (GP80) who calved in February whilst the previously mentioned Cheshire breeder secured Goldenboy Freedom 194th (VG88) a January calved third lactation cow and Gerard Judith 213th (GP83), a second calver due again in November at this price.

A good herd of cows with good health status and several purchasers from Cumbria to Wales combined to make this a very successful sale.

AVERAGES:
172 cows and milking heifers (including all those with faults or long dated) £1248. 28.

BEESTON STALL MARKETS

Will continue to be held each Wednesday, but there will be NO Stall Markets on Bank Holiday Mondays.
The summer weather and approaching Bank Holiday weekend found buyers and sellers in buoyant spirits. The super quality entry was well received by trade and private buyers resulting in 100% clearance.

Colourful lots attracted the headline prices, some of which are listed below, there were bargains to be had also, especially some of the earlier flowering shrubs such as Azalea, Forsythia, Prunus etc.

Border-fillers such as Herbaceous Perennials were generally around £1, some under and some over, Roses between £1.50 and £2, Alpines 50/60p, Climbers £1.50-£2 choice aplenty.

Slightly reduced entry this week, seasonal for this time of year with plenty of grass down, that said there was no let-up in terms of trade, with the bank holiday weekend having no effect on our market days since moving from a Friday. If anything some cows slightly dearer on the week, with a better show in terms of quality forward. That bit more quality rising the overall average a couple of pence per kilo with just a handful of continental in the ranks to **118.59ppk**. As usual the best cows raced away to **£1108** for black and whites from JS & SM Beck, with younger models to **£1171** for TO & GO Lewis. Per kilo topping the day was another Friesian from Messrs Lewis at **165ppk** with plenty of younger model selling between **140-160p**. Strong Monty cows from Willington to **145ppk** with all the best meated dairies selling from **130-145ppk**. Please don’t forget to inform ourselves if your cattle are tested, with a real premium for feeding types, and a bag full of buyers to match. At Beeston we cater for all models, shapes, sizes and nationalities. Top prices as follows: **£1333** (HER) R S Davies; **£1237** (HER) Robertson & Partners; **£1171** (FR) TO & GO Lewis; **£1108** (HOL) JS & SM Beck; **£1096** (HER) Nicholas & Heath; **£1091** (HER) JT Johnson & Sons; **£1084** (HOL) (Cheshire Vendor); **£1006** (HOL) TO & GO Lewis; **£996** (HOL) F D Wright; **£976** (HOL) P W Groom etc........ Please don’t hesitate to call Simon Lamb on 07815 188125.

**Today’s market average (all black and white), coming in at 118.59 or £718.18 per head.** (Everything in, including the lean, mean, lame and loopy!)

Black and white cows traded throughout the day at 130p to 145p for meated cows(140p to 160p younger models), 110p to 125p for steakers, 105p to 115p for stronger plain cows and 80p to 100p there after!

Cull cows Thursday’s from now on, 10.00am start!
Half the numbers as has been apparent elsewhere all week and whilst it wasn’t a vintage show of cattle, trade buoyant enough throughout.

Clean cattle with shape and loin would be the best sold on the day, bulls met mixed demand, anything shapely was easy enough but the plainer end struggled at times.

Best handy weight heifers were bolstered by fresh buyer support around the ring, Chris and Mark Shenton selling to 228p/kg. Chris Barnsley made the long trip from Staffordshire and was rewarded with three heifers over 220p/kg. Middle order clean cattle were well sold once again, plenty of cattle around that 200p/kg, even those needing a little longer. Power adding up too; Paul Cheers selling to £1353 – twice – for Angus steers!

Bull trade was ‘representative’..... The Shenton family topping the trade AND the headages at 217p/kg and £1443 respectively. Prime bulls to 185 and 182p/kg for Tom & Kate James and best of the black & whites to 164p/kg for John Eden to gross £909.

Please note revised selling times, cattle to follow the sheep at approx 12:30pm. Once again thank you for your support.

Overall Averages:  New Season 243.1p/kg
Old Season 184.5p/kg

With Old Season drying up in this area, and with some breeders holding back New Season due to uncertainty prior to the Bank Holiday weekend, this was the lowest entry we’ve seen since the move to BEESTON! Once again, however, several new faces finding they were delighted with the trade and service we provide...and, don’t forget, we do that every week......and pay you on the day!

**New Season** to yet another super trade for all weights and grades, with Wholesalers and Butchers competing strongly and all New Season lambs selling to excellent prices. Claire Tomlinson took the Top Spots yet again, at 281p, 278p and 276p, with long-distance traveller Mark Haslehurst again being rewarded for his efforts with his best pen at 276p. Plenty of other quality Lambs over 160p/kg. Many more New Season lambs could have been sold to similar trade.

**Old Season** lambs now in very short supply locally, and with the Ramadhan festival now upon us, in hugely increased demand. Tremendous trade for all weights and shapes, with several customers very fit for all.

Once again, our entry and trade showed that we can handle sizeable numbers of sheep at Beeston to everyone’s benefit. Why not give us a go?!

GRANTCHESTER HEIFER TOPS MONTH END DAIRY SALE AT £2050 AT BEESTON

The May Month end Dairy Sale of Pedigree and Commercial Dairy Cattle including the Western Holstein Club’s Focus Milk section and the final dispersal sale of the Grantchester Herd attracted an entry of 215 cattle in all age groups.

It was a far from vintage show as regards quality with a higher than usual proportion of plainer cows and heifers. The great harvesting weather was also a factor in terms of attendance but nevertheless trade was far better than perhaps was anticipated in the morning prior to sale and a total clearance in the collective part of the sale was effected. Top price of the day was achieved by John Jones of Emerald Grove Farms Ltd., Abercych, Carmarthenshire with his daughter of Ladys-Manor Savior, Emeraldgrove Savior Sylvia 88th. She was just 10 days calved and was giving 33 kg and purchased by a Cheshire buyer. The next in the price list was £1850 for a lovely heifer, Minver Deray Ever, by Gehrke Johan Deray from David Bramall of Minshull Vernon. She was purchased by RC & EC Trow of Whixall, Whitchurch.

In the collective part cows sold to £1520 three times; firstly for a second calver by McCutchen from Peter Waring of Beverley then for a second calver sired by Abbeyhouse Mr Gold from new customers DR & CL Elliott of Wellesbourne, Warwickshire and then for a daughter, also a second calver, by Durham Ross from Mark Hughes of Criggion, Oswestry.

The sale concluded with the final sale to disperse the Grantchester Herd, the property of Grantchester Farms, Audlem, Cheshire. The top selling cow was £1750 for Grantchester Gibson Heather 204th (VG85-2yr) a young cow due with her third calf in August to Pine Tree Sid. She was purchased by Steve Garth for his Lancashire based Bowlandview herd. Selling at £1600 was Grantchester Goldwyn Farrah 25th ET (GP84-2yr) who was due with her third in August to Sid. She was purchased by Adam Mares of Darwen, Lancashire.

However it was an incalf heifer that topped the bidding; Grantchester Windbrook Farrah 10th has 10 generations of VG/Ex cows from this famous family behind her. She is due at the end of June to Doorman and was purchased by Christine Parkes of Eglwyswrw, Ceredigion. Selling at £1750 was Grantchester Windbrook Golda also due at the end of June to Doorman and she was purchased by Steve Garth. Maiden heifers topped at £1020 for the 16 month old Grantchester Doorman Farrah purchased by Hefin Wilson of Cardigan for Tregibby Herd.

At the start of the sale there was an entry of 6 beef bulls and everyone was sold selling to a top £1600 for an unregistered Simmental from R Wilson of Oldham.

You need to see this trade to believe it! Vendors who have sold today will be delighted with the trade! 49 buying accounts in total, with Continental Bulls averaging £317! Heifers were in serious demand all day with both natives and continentals through the roof. Dairy bulls are at the highest gear at the moment!

Many more calves could be sold week in week out, please support your local auction market and reap the rewards! Call Jonty Cliffe for more information 07595453306.

65 Continental Bulls (averaging £317)
A very fast trade and many more could have been sold! All commodities a real price! The demand for the best calves has been extraordinary with the top price being a Blue from JJ&AS Nicholas at £450 and £420 for DA Hoggins, Mobberley and JR Ward & Sons, £415 ER&I Dodd. Limousins to £440, £428 and £320 for TC BM & AT Williams, a super show of calves from the Williams! Simmentals to £395 for R Butterworth and £390 for both DA Hoggins and JD Peacock. Best £370+, Second quality just as good to sell at £310-£350. Mediums £270-£300. Only very few below £250.

51 Continental Heifers (averaging £278)
If the bull trade was good I think the heifer trade was better!! £300 was no barrier today, with 24 over that mark! Top call was a pure Simmental heifer at £425 from Rob Butterworth, CR Dawson next at £342! Blues to £385 from CW Wildman, £370 for PB Overy & Son, £368 for RP & SR Williams. Limousins to £372 for D Parry and £310 for TC BM & AT Williams, Charolais to £312 for JD Peacock. Second quality £300-£330 today and mediums £250-£300. Smaller heifers £180-£240.

59 Native Bulls (averaging £229)
Native bulls a flying trade especially for the second quality and mediums, they are truly on fire at the moment! Best bulls at £260 to £300 topping at £320 from EA Johnson & Sons, and a superb show of Angus from L Ford & Son made £295 twice! Hereford’s from G Green & Son to £295 and £268 for PC Whittaker & Sons. Medium bulls seriously dear at £220 to £240. Very few small types forward but trading £150 plus.

56 Native Heifers (averaging £172)

91 Dairy Bulls (averaging £71)
They continue to be at the highest gear, Shorthorn’s to £170 for KH Riley & Sons, Holstein Frieseans to £138 for FD Wright and £125 RG Woolley & Son, £125 J Proudlove & Partners, £118 AE Percival & Son. Short on mediumrearers today but those which came were £70-£100, a large quantity of processing calves on offer sold on a strong trade between £30-£50.

A fantastic show of cattle, especially when you consider the weather and the amount of grass being cut! Whilst the entry was very similar, the trade was equally brisk, some things even slightly dearer on the week.

Forward cattle a pleasure to sell, buoyed by a strong finished trade yesterday. James Sutton topping the trade with Angus x to £1270 just ahead of Lim’s from Dunham Hill to £1240 and Andy Williamson to £1210 also with Lim x. No less than 19 steers over £1000 including some very tidy Friesians from Mr James at Stoke to £1000.

A shortage of strong heifers saw fit Angus to £1030 for Mr Gillespie, just pipping Andrew Griffiths with an OTM Lim x at £1025. Younger Angus x peaked at £890 for Chris Whitby and Blues from Richard Studley to £810.

Feeding bulls topped at £640 for Lim x with Angus and Beltie’s to £595 from the same good home, weanling type Angus x made £480.
